

ROCK

SPRING

BAREFOOT

2023 | NEW BAREFOOT
COLLECTION

Barefoot

Zero toe and heel lift = completely straight sole

Breathable upper
Quick-drying elastic material
increases air circulation

Flat tip
The wide flat tip with plenty of finger space
improves posture

Thin sole
Non-slip thin and light sole guarantees high contact of
the foot with the terrain and transmission of information
about movement from the foot's micro-sensors

**FREEDOM
WHEREVER
YOU GO**

WOMEN'S
BAREFOOT COLLECTION 2023

BARK
BLACK-PHILO

These shoes are made on an original thin sole in the MINIMALIST style, which will help you reactivate the feeling of the feet and help restore the overall feelings of the body, similar to frequent walking barefoot.

The soles are non-slip, flexible and very light with our authentic ROCK SPRING design.
